

Pasted text(116).txt
Document

I'll treat this as Kilkenny Farms West in Waunakee and build the full editor + social posting handoff. I'm going to search Drive first for actual clips/transcripts so the document is grounded in real files, not guesses.

Received app response ▾

I found the Kilkenny Drive cluster and several useful transcript/docs already: a Kilkenny-Southbridge folder, Kilkenny West folder, "Why I Like Kilkenny West," "What Do Homes Cost," the Parade social pack, and multiple 2026-06-16 raw video transcript docs. I'm narrowing this to the best material for the "5 years" angle now.

Thought for 5m 31s >

Done — I created the full Word handoff with proper Word heading styles so the Navigation Pane should work on the left side in Word.

It's built around the actual Drive files I found, especially the vertical Kilkenny Farms West "5 years" clip as the main A-roll, plus supporting b-roll/open-lot/amenity files and platform-specific posts. The primary clip directly matches the angle: four planned phases, phase one/two underway, and phase three/four starting/being graded. 

2026-06-16_Kilkenny-Farms-West_...

I also included the backup horizontal version with the same 5-year phase-map angle.

 2026-06-16_Kilkenny-Farms-West_...

Download it here:

[Kilkenny Farms West 5-Year Video Handoff.docx](#)

Got it — I'll build Short #3 as a separate full handoff, using the same structure as the last one but focused on the buyer decision angle: Kilkenny West vs. Southbridge. I already saw a few strong Drive clips for that exact comparison, so I'll ground it in those actual transcripts/files.

Read resource 

I found the exact comparison clip: "Why are people choosing to move to Kilkenny West versus Southbridge?" with the core points of lot choice, modern floor plans, newer amenities, and school trail access. I also found good supporting Southbridge context clips about established feel, pools, parks, trails, and the different Southbridge additions.

Thought for 3m 55s 

Done — I created the full Short #3 handoff as a separate Word document.

It's built around the actual Drive comparison clip where you talk about why buyers choose Kilkenny West over Southbridge: lot choice, modern floor plans, newer amenities, views, and school/trail access. 

2026-06-16_Kilkenny-Farms-West_...

I also included supporting Southbridge context so the video stays fair and does not sound like Southbridge is “bad.”

Download it here:

Kilkenny West vs Southbridge Short #3 Handoff.docx

I'll build Short #4 as its own handoff, focused on the park/amenity angle. I'm going to pull the exact Kilkenny park clips from Drive first, then package it the same way as Shorts #2 and #3.

Received app response ▾

Thought for 4m 29s >

Done — I created Short #4 as a separate full handoff document.

It's built around the actual Kilkenny park/amenity clips from Drive: the vertical main clip mentions the park, pickleball courts, basketball courts, fire pit, zipline, and activities for kids of all ages. 

2026-06-16_Kilkenny-Farms-West_...

I also included the horizontal backup version with the same park/amenity angle.

Kilkenny Park Best Part Short #4 Handoff.docx

Kilkenny_West_vs_Sou...
Document

well darn these were good as well

Thought for 13s >

Yeah — this one is actually solid. The structure is very usable: clear angle, exact file names, b-roll table, edit timeline, platform captions, thumbnail direction, file naming, and a copy/paste team handoff. It also does a good job keeping the tone fair: **“not anti-Southbridge — it’s about fit.”** 

The strongest parts are:

1. The “newer or established?” framing

That’s probably better than just “Kilkenny vs Southbridge” because it invites comments without starting a neighborhood war. The recommended thumbnail on page 5 is especially good: **“NEWER OR ESTABLISHED?”** with Kilkenny new construction on one side and Southbridge park/pool/established feel on the other. 

2. The b-roll/editing instructions are useful

Page 3 gives the editor a very clear plan: open lots for lot choice, model homes for modern floor plans, trails/sidewalks for school access, and Southbridge park/pool footage only as light contrast. 

3. The script is clean but still sounds like you

The edited script keeps your actual point: Southbridge isn’t bad; Kilkenny West is just a better fit for buyers who want newer construction, lot/floor plan choice, views, and trail/school access. 

I’d absolutely keep these. Honestly, the best move is probably to make this a **repeatable handoff template** for the whole Kilkenny/Southbridge series, then every short gets the same layout:

Short #2: What Kilkenny West Will Look Like in 5 Years

Short #3: Why Buyers Pick Kilkenny West Over Southbridge

Short #4: The Park Might Be the Best Part

Short #5: Southbridge Isn’t One Neighborhood

Short #6: New Construction vs Established Feel in Waunakee

The only thing I’d tighten is the title/file naming. Instead of “Kilkenny Over Southbridge,” I’d avoid “over” in final file names and captions sometimes because it can sound like one is superior. I’d use:

2026-06-16_Kilkenny-Farms-West_Waunakee_Short_Newer-vs-Established-Kilkenny-Southbridge_Vertical.mp4

That matches the actual positioning better.

Kilkenny_West_Short_...
Document

Thought for 9s >

Yep — with that Short #1 file added, the current built series titles are:

1. Short #1: “If I Were Building Here...”

Full recommended title: “**If I Were Building in Kilkenny West, This Is What I Would Look For**”. This one is about lot privacy, no backyard neighbors, views, nearby construction, and school trail access.

Kilkenny_West_Short_1_Marketing...

2. Short #2: “What Kilkenny West Will Look Like in 5 Years”

Future phases, build-out, what the neighborhood will become, and why buyers need to understand the development timeline.

3. Short #3: “Why Buyers Pick Kilkenny West Over Southbridge”

Cleaner public-facing version: “**Newer or Established? Kilkenny West vs. Southbridge**”. This one compares newer construction, lot/floor plan choice, views, and trail access against Southbridge’s more established feel.

4. Short #4: “The Park Might Be the Best Part”

Park/amenity angle: pickleball, basketball, fire pit, zipline, kids/family activity, and why the park is a real lifestyle feature.

So the cleaned-up series order would be:

Short #1: If I Were Building in Kilkenny West, This Is What I Would Look For

Short #2: What Kilkenny West Will Look Like in 5 Years

Short #3: Newer or Established? Kilkenny West vs. Southbridge

Short #4: The Park Might Be the Best Part of Kilkenny West

Can we do this again please.

Thought for a couple of seconds >

Yes — here are the **Kilkenny West short titles we already built**, cleaned up in order:

Short	Working Title	Best Public-Facing Title
Short #1	“If I Were Building Here...”	If I Were Building in Kilkenny West, This Is What I Would Look For
Short #2	“What Kilkenny West Will Look Like in 5 Years”	What Kilkenny West Will Look Like in 5 Years
Short #3	“Why Buyers Pick Kilkenny West Over Southbridge”	Newer or Established? Kilkenny West vs. Southbridge
Short #4	“The Park Might Be the Best Part”	The Park Might Be the Best Part of Kilkenny West

My recommended final series naming:

- 1. If I Were Building in Kilkenny West, This Is What I Would Look For**
- 2. What Kilkenny West Will Look Like in 5 Years**
- 3. Newer or Established? Kilkenny West vs. Southbridge**
- 4. The Park Might Be the Best Part of Kilkenny West**

For YouTube/SEO, I'd keep **Kilkenny West** or **Kilkenny Farms West** in every title. For TikTok/Instagram, the shorter hooks can be:

1. **If I Built Here...**
2. **What This Looks Like in 5 Years**
3. **Newer or Established?**
4. **The Park Might Be the Best Part**

I want you to go back and look in the drive again. We had the wrong file names and transcript names before.

Yes — good catch. I'll re-search Drive fresh and treat the previous handoffs as suspect until the actual Drive titles/transcripts confirm them. I'm going to use short searches so Drive doesn't miss files because of overly specific names.

Received app response ▾

I found a key file we did **not** properly use before:

Integrity_Homes_Short Playbook_Kilkenny_Southbridge — created June 25. It says the tour was filmed June 16 in Waunakee and contains **6 shorts cut from ~20 raw clips**, with edit outlines and re-record scripts. That is likely the correct master source for the titles and transcript/file mapping.

Thought for 1m 55s >

Yes — you were right. The earlier handoffs were partly built from the raw transcript files, but the **better source of truth in Drive is the master playbook**:

Integrity_Homes_Short Playbook_Kilkenny_Southbridge

It says this was filmed June 16, 2026 in Waunakee and includes **6 shorts cut from ~20 raw clips**, with edit outlines, exact lines, re-record scripts, on-screen text, captions, and source filenames. 

Integrity_Homes_Short Playbook...

Here's the corrected list based on the Drive search:

#	Correct / Better Title From Drive	What It's About
1	Kilkenny Farms West vs. Southbridge — Which One's Actually You?	The head-to-head lifestyle comparison: Kilkenny West = newer, choices, floor plan, lot, view; Southbridge = established, bigger trees, pool, parks. Integrity_Homes_Shots_Playbook...
2	If I Were Building in Kilkenny West...	Lot choice, privacy, backyard views, construction around you, school/trail access. The raw transcript file we used for Short #1 is correct, but the naming should stay tied to the actual rural field vertical file. 2026-06-16_Kilkenny-Farms-West_...
3	Southbridge Pool Rules / Don't Assume the Pool	Southbridge has more than one pool; which one you can use depends on the section/address. The script specifically says the Southbridge pool covers Blue Ridge, Emerald, original Southbridge, and Bellwood, while the Kilkenny section has its own pool. Integrity_Homes_Shots_Playbook...
4	Ranking Waunakee's Parks — From Someone Who Lives Here	Settlers Park, Tierney Park, and Kilkenny park; different park vibes, views, fields/courts, pickleball, fire pit, zipline. Integrity_Homes_Shots_Playbook...
5	More Than a Garage Door — Why Southbridge Feels Like a Community	Southbridge community feel, neighbors, parks, pool, recreation, and people actually getting together. The source file found is Park-Pavilion-Amenity-Close_Horizontal.mp4 . Integrity_Homes_Shots_Playbook... 2026-06-16_Kilkenny-Farms-West_...
6	Southbridge Isn't One Neighborhood / Southbridge Is an Umbrella	Southbridge has multiple sections: original Southbridge, Emerald, Blue Ridge, Bellwood, and a Kilkenny section; Kilkenny Farms West is separate, not part of Southbridge. Integrity_Homes_Shots_Playbook...

So the big correction is:

Our prior Short #3 and #4 titles were not totally wrong as ideas, but they did not match the master playbook titles/order.

I would now treat this as the corrected series:

- 1. Kilkenny Farms West vs. Southbridge — Which One's Actually You?**
- 2. If I Were Building in Kilkenny West...**
- 3. Don't Assume the Pool in Southbridge**
- 4. Ranking Waunakee's Parks From Someone Who Lives Here**
- 5. More Than a Garage Door — Why Southbridge Feels Like a Community**
- 6. Southbridge Isn't One Neighborhood**
